

Game Changer | Furesø Golf Club, Denmark

26 and 27 October 2026

Sustainability. We're upping our game.

You are invited.

Last year at Harrogate 2025, GC2030 launched **Game Changer** – an exciting new approach to sustainability, centred around game-based learning.

Game Changer | Furesø Golf Club, Denmark | 26 and 27 October 2026

Game Changer proved so popular and successful that we've decided to turn it into a two-day seminar – to which you are invited.

For you and your club

Making our golf courses even more sustainable is a team effort, and to reflect that we'd like you to bring a few people from your club – say your club manager, your head greenkeeper and/or a board member. Please note that places are limited and priority will be given to teams over individual attendees.

GC2030

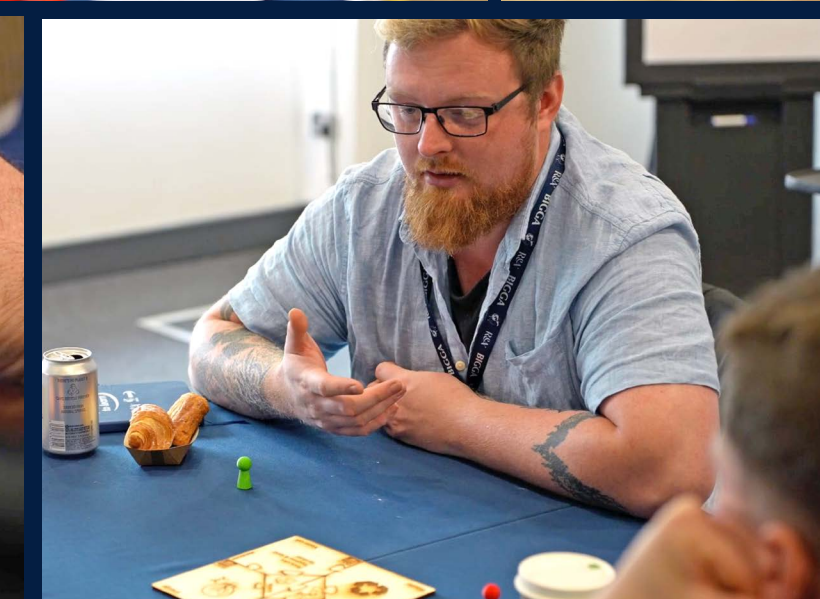

What's involved.

The seminar starts hands-on with a golf course experience, where we've prepared a special scorecard for you and your fellow players. Don't worry if you don't play golf, you can still be part of this game and the sustainable experience.

We designed the seminar to provide you with the tools and skills you need to measure your club's current level of sustainability and work out steps you can take to enhance it. There will be time for reflection, planning, fun and experiments - all in a stimulating, empathic and supportive environment.

At the end of the seminar you'll be given a Game Changer box which will contain everything you need share your sustainable ideas with the rest of your club.

Game Changer | Furesø Golf Club, Denmark | 26 and 27 October 2026

We'll send out further information before the seminar - so you'll be fully prepared to get the most out of the event.

Course comments.

Here are a few comments from previous participants in the Game Changer event.

“ I really loved the learning experience. It was both fun and informative at the same time. The games were fantastic. ”

“ Game Changer offered new ideas to change the way we think about dealing with sustainability and changing practices in the workplace. ”

“ Best course I have done at Harrogate. ”
